## PREFACE

The Legislative Research Commission, authorized by Article 6B of Chapter 120 of the General Statutes, is a general purpose study group. The Commission comprises two cochairmen, the Speaker of the House and the President Pro Tempore of the Senate, and ten additional members, five appointed from each House of the General Assembly. Among the Commission's duties is that of making or causing to be made, upon the direction of the General Assembly, "such studies of and investigations into governmental agencies and institutions and matters of public policy as will aid the General Assembly in performing its duties in the most efficient and effective manner" (G.S. 120-30.17(1)).

At the direction of the 1981 General Assembly, the Legislative Research Commission has undertaken studies of various subjects. Resolution 61 of the 1981 Session Laws, which incorporated House Joint Resolution 1375, authorized the Legislative Research Commission to study State investment and maximum earning productivity of all public funds, under the direction of Representative John J. Hunt. The Cochairmen of the study committee established by the Research Commission are Representative R. D. Beard and Senator Joe H. Palmer. The full membership of the committee is listed in Appendix A of this report. The resolutions which authorize the study and determine its scope are attached as Appendix B.

## COMMITTEE PROCEEDINGS

The Legislative Research Commission's Committee to Study the Investment of Public Funds has held three meetings to date. The Committee has considered a range of methods by which a greater return might be made on the investment of public funds. Among these are 1) more frequent remission of sales and use and alcoholic beverage taxes to the State; 2) reimbursement to the State by some licensing and regulatory boards for administrative costs; 3) simpler methods of money transfers between agencies; 4) improvement of investments by the Retirement System; 5) improvement of investments by the State Treasury; and 6) use of the State Treasurer as a depository of funds held by ABC Boards and Clerks of Court. The Committee will need to meet two or three more times between the 1982 and 1983 Session of the General Assembly in order to complete its work.

For a list of those persons who made presentations to the committee, see Appendix C. Details of the meetings are contained in the committee's minutes, which are on file in the Legislative Library.

## FINDINGS AND RECOMMENDATIONS

The final findings and recommendations of this Committee are not due until 1983. Interim findings, however, on the investment of funds held by Clerks of Court are included in this report.

The Committee found that Clerks of Court maintain an aggregate balance of approximately twenty million (\$20,000,000.00) dollars in checking accounts in commercial banking institutions. These banks, because of the relatively stable balance of the funds and the "float" created by the check clearing process, have free use of these monies and are able to invest the majority of the funds for their own account.

If these funds were deposited in accounts with the State Treasurer, rather than in checking accounts with private banks, an additional sum of approximately 2.4 million (\$2,400,000.00) dollars could be earned for the General Fund of North Carolina. With the funds on deposit under the fiscal control of the Treasurer, that office could invest excess funds exactly as banks are currently doing, with income accruing to the State rather than increasing the profits of commercial banking institutions.

The Committee further found that, based on the opinion of the Attorney General (See Appendix D), it is not unconstitutional for the Treasurer to provide banking services to clerks. Furthermore, the Treasurer may put into the General Fund any money he earns from investing funds held in clerks' checking accounts.

The Committee therefore recommends that checking accounts of clerks at commercial banks be replaced with accounts in the name of the State Treasurer to be held by him in the name of the clerk. Through a warrant system, the

accounts will function exactly as regular checking accounts, with no change in the operation of clerks' offices. Clerks' funds will be, as they are now, "deposited" by them and not "invested." Clerks will continue to write checks on the account when necessary and will receive a monthly bank statement and canceled checks from the Treasurer's Office, as with accounts in private banks. Only those funds in checking accounts will be affected, and those funds will be exempted if law otherwise directs.

A copy of the recommended legislation is attached as Appendix E.

MEMORANDUM

TO: Genie Rogers

FROM: Douglas A. Johnston

RE: Clerk's Funds

Conclusions:

If the Clerk deposits funds in an account which pays interest, whether with a bank or the State Treasurer, he must account for the interest to the beneficial owner.

If the Clerk deposits money in a checking account, whether with a bank or the State Treasurer, no interest, payable to the Clerk or to the beneficial owner, is earned absent special provisions of the checking account. If the Clerk has not contracted to earn interest, and does not earn interest, he need not account for interest.

Catagories of Funds in the Clerk's Hands:(1) Trust and Fiduciary Funds

- (a) Where a statute, judgment or order requires that funds be invested or that interest be earned, the Clerk must pay any interest earnings to the beneficial owners. He cannot put the money in a simple checking account.
- (b) Where the statute authorizes the Clerk to earn interest on funds held by his office and the Clerk chooses to do so by depositing the monies in an interest bearing account, then the Clerk must pay any interest earnings to the beneficial owners.

April 14, 1982

(2) Monies to be Disbursed to Public Agencies

Monies to be disbursed to public agencies (such as monies to be disbursed for the law enforcement retirement system, facility fees, jail fees or officer fees) are not required by statute to be invested. Therefore, they may be deposited in a simple checking account.

(3) Monies to be Disbursed to Individuals

Where the statute or judgment or order is silent on interest earned on monies received by the Clerk, pursuant to a statute, judgment or order, then the Clerk may deposit the money in a simple checking account.

In catagories #2 and #3, where simple checking accounts are permissible, these accounts may be with either local banks or with the Treasurer, as the General Assembly may provide.

Further, interest (the so-called "float") earned by the bank or the Treasurer, while holding the funds in the checking account, do not have to be paid to the party to whom the monies are to be disbursed.

The General Assembly may require that any monies be held in interest bearing accounts only.

The Constitution prohibits certain funds from leaving the county. Article 9, §7 of the Constitution of North Carolina.

SESSION 19 81

INTRODUCED BY:

Referred to:

## A BILL TO BE ENTITLED

AN ACT ESTABLISHING DEPOSITORY ACCOUNTS WITH THE STATE TREASURER FOR CLERKS OF  
OF COURT.

The General Assembly of North Carolina enacts:

Section 1. Article 12 of Chapter 7A of the General Statutes is  
amended by adding a new section to read:

"§7A-113. Deposit of certain funds received by clerk to account of State  
Treasurer. -- (a) Unless otherwise provided by Art. 9, §7 of the North  
Carolina Constitution, G.S. 7A-112(b), a judgment or a court order, the clerk  
of superior court shall deposit all monies received by him, except monies he  
invests, in a bank selected by the clerk and approved by the State Treasurer.  
The money shall be deposited to the account of the State Treasurer, to be held  
by the Treasurer in the name of the clerk. The clerk may at any time withdraw  
money for investment pursuant to G.S. 7A-112(a) or for disbursement through a  
warrant system designed by the State Treasurer.

Sec. 2. This act shall become effective January 1, 1983.
